WACO YOUNG MEN FOR DRAFT PLAN TO RAISE ARMY

MAJORITY INTERVIEWED BELIEVE WILSON CONSCRIPTION BILL THE BEST.

OPINION IS GENERAL

NEWS REPORTER FINDS YOUNG MEN IN ALL WALKS OF LIFE FAVORING DRAFT.

The young men and single men of Waco stand ready to back up the president in his conscription plan for a large army. From the bootblack stand to the cashier's office, in all the varying walks of life, the consensus of opinion is, "Wilson has the right idea."

The majority of men interviewed by The News yesterday favored Wilson's plan. A few of them thought that every single man between 18 and 40 years of age should be called to the colors, but all agreed that conscription was the only fair plan for every individual. The Waco men expressed themselves as being of the opinion that the cities of Texas furnished as many or more men for the army than the country sections and stated that while they were in favor of conscription they did not think lack of response in the cities was the cause of the necessity.

From James Penland.

"I am heartily in favor of Wilson's plan," said James Penland, president of the Chamber of Commerce, "and will go when my time comes. In my opinion, there is only one way to raise the army to full war strength and still be fair to every man. The president has offered that plan to the nation and it should be accepted."

G. B. Holstead said: "I am not anxious to go to war, but think that every young man should forget his personal interests and consider his country alone. I am in favor of Wilson's plan and in my conversation with other young men of the city find that most of them feel the same." Mr. Holstead also declared, "If I am drafted I will go willingly."

Students' Viewpoint.

Out among Baylor university men, Joe Bains, business manager of the Lariat, said:

"The Baylor men will all stand by the conscription bill and we feel that it is the only way to meet the situation. When the bill has passed the lawmakers and the drafting starts, the college men of Waco will go willingly."

OVER 100 WACO GARDENS ARE NOW BEING CULTIVATED

Over 100 gardens were reported planted through the efforts of the Y. M. B. L. civic improvement committee in a report at the regular directors' meeting held last night. In the absence of President William L. Edmund, P. P. McPeak presided and the office of secretary was filled by Mike C. Elliott. Upon motion of Frank J. Trau the Y. M. B. L. voted that, in company with representatives of other civic organizations, they would visit the commissioners today and ask that the city furnish teams and men for one day's work in the gardens secured.

WONDER WHERE FRANCE GOT SPEECH STUNT HUNCH?

Press dispatches tell of the fact that 300,000 copies of President Wilson's speech to congress when war was about to be declared as existing will be distributed by airplanes to Germans in the front lines of the west. This calls to mind that this plan was suggested immediately after the delivery of the speech by a prominent Waco German. The suggestion made here was that several million copies should be put into the hands of the German people by the airplane route. Wonder where France got her hunch?

TEXAS CLUB WOMEN PASS ENDORSEMENT OF WILSON

By Associated Press.

Cleburne, April 24.—The second district of the Federation of Women's clubs in convention here today endorsed President Wilson's plan of conscription as the only fair and wise way to put the burden equally upon the nation.

Y. M. B. L. TALKS HOMESTEAD LAW

SOME DECLARE IT A FEDERAL BANK BURDEN.

By Associated Press.

Houston, April 24.—Instances of where the Texas homestead law operates as a burden to the federal farm loan bank of Houston instead of operating as a piece of legislation for the assistance of the people of the state were pointed out today in the second day of the state Y. M. B. L. convention by T. J. Caldwell of Austin, director of the bank. W. V. Crawford and others of Waco took part in the discussion following.

Delegates were shown work of the Houston league tonight when trips were made to sixteen towns where meetings were held and subjects of interest to the farmers discussed.

Tomorrow, the last day of the convention, will see the election of state officers. A general business session and reports of committees will also be heard. Delegates will then go by boat down Houston's ship channel to the famous San Jacinto battleground, back to the city and then homeward bound.

CLARENCE OUSLEY SPEAKS AT CRAWFORD MEETING

Members of the McLennan county foodstuff campaign who went to Crawford last night report a good meeting and state that twenty-three farmers signed the pledge to help increase the food supply. Clarence Ousley addressed the meeting. Fifty-three citizens were present. The meetings tonight will be held at Ross and Riesel. Appropriate ceremonies have been arranged.

CHARTER FILED AT AUSTIN FOR WACO PICKLE FACTORY

Word received from Austin states that a charter has been filed with the secretary of state by the Waco Pickle company, incorporating with capital stock of \$65,000, of which \$5,000 has been paid in. Incorporators are given as A. Tobias, J. W. Frass, A. H. Gans, B. M. Goodman and Max Goodman, all of Waco; Lewis Lauterstein and M. Lauterstein of Llano.

CONFEDERATES AT REUNION TO BE WELL TAKEN CARE OF

By Associated Press.

Washington, April 24.—Plans for a city of tents to house old soldiers who attend the Confederate veterans' reunion here June 4 to 8 were partially abandoned today by the local committee on arrangements and it was decided to provide accommodations for at least 3,000 of the 4,000 expected to attend, in hotels, armories and boarding houses. Uncertainty of the weather and comfort of the veterans prompted the change.

WACO HOME GUARDS DRILL THREE NIGHTS EACH WEEK

Regular drills are being held by the Waco home guard companies three nights of each week, with a good attendance. There are four companies in the home guards, including the company from the Goldstein-Miguel company. Drills are held each Monday, Wednesday and Friday nights.

ONCE ACQUITTED SOUGHT AS PLEA IN SPANELL'S AID

JURY SELECTED AT COLEMAN AFTER FIRST PANEL WAS EXHAUSTED TUESDAY.

STATE BLOCKS DEFENSE

DECLARES "SUSPENDED SENTENCE" PLEA INTENDED FOR ARGUMENT NOT TESTIMONY.

By Associated Press.

Coleman, April 24.—The jury to try Harry J. Spanell, charged with the killing of Lieut. Col. M. C. Butler at Alpine, Texas, last July, was completed late today and just before court recessed until tomorrow the defense filed an appeal of "former acquittal." The state will file its reply tomorrow. Spanell was acquitted at San Angelo last February of a charge of killing his wife. Mrs. Spanell and Colonel Butler were shot to death in Spanell's automobile. Spanell testified at his San Angelo trial, in an altercation between the two men.

State's attorneys this afternoon filed exceptions to the "suspended sentence" plea, filed today, claiming such plea was intended for argument and "not for the purpose of broadening the testimony" as alleged by the defense. The defense attorneys declared the plea was not asking mercy, but the plea was a legal right. The court admitted the plea into the records, but ruled it should not go before the jury.

Trial Judge J. O. Woodward brought dilatory tactics by counsel to a speedy end shortly after court convened when he announced from the bench:

"I want to notify you gentlemen right now that this case is going to be tried. You might as well get ready."

At the opening of court the state accepted the offer of defense attorneys yesterday to let the testimony of Mrs. E. F. Jenkins at Spanell's trial for the killing of his wife be read at the present hearing should she not appear. The defense then asked permission to have the testimony of William Granger and Bob Neff read in event they are unable to come to Coleman. The state objected to this and it was then that Judge Woodward announced that the court would permit no further delays.

Urges "Suspended Sentence."

When it was announced that the trial would proceed the defense filed what is technically termed a plea involving the benefits of the suspended sentence law. The purpose of this plea is to broaden the rule regarding character evidence and, by permitting the introduction of all details of Spanell's life, let in considerable testimony that was barred at the San Angelo trial of Spanell for the alleged murder of Mrs. Crystal Holland Spanell. He received an acquittal in this case.

The defense asked Judge Woodward to instruct the attorneys for the state to disclose the source of their employment. The state objected, saying, "the defense had not told who was employing its attorneys. The defense said it was willing to do so, but the court held that it was not necessary for either side to give out such information."

Spanell in Court.

Spanell was in court for the first time today. His aged father, who attended the San Angelo trial, is at his home in Hazelton, Pa., and will not be present.

Col. John Holland, father of Mrs. Spanell, was among the spectators today, but did not sit with the counsel for the state as he did at San Angelo.

At noon nine jurors had been selected out of fifty-five talesmen examined. Those excused either had formed an opinion as to the guilt or innocence of the defendant through reading the testimony presented at the San Angelo trial or had conscientious scruples against the infliction of the death penalty.

Jury Completed.

After the tenth juror had been chosen, it was found that the special venire of 108 ordered for today had been exhausted. Judge Woodward ordered that an additional panel of thirty men be brought in this afternoon and then a recess until 4 p. m. was taken. Shortly following recess two more jurors were secured, completing the necessary twelve.

TEXAS SENATE RESOLUTION ASKS MILLION DEFENSE FUND

Special to the News.

Austin, April 24.—Senator Robbins and seventeen others introduced a simple resolution in the senate this morning looking to \$1,000,000 appropriation for defense of the state's border. The resolution concludes:

"Be it resolved, by the senate, That we respectfully request the governor to submit as a matter of legislation and appropriation of not less than \$1,000,000 for the purpose."

SPAIN WARNS GERMANY BREAK MAY COME SOON

By Associated Press.

London, April 25.—The Spanish government's note to Germany regarding Germany's submarine campaign contains a paragraph stating that if Germany continues in its determination to sink all vessels in order to defend its life, Spain must take a like step to defend her life.

BATTLE ON WEST FRONT DIMINISHES IN INTENSITY

(Associated Press War Summary.)

There was a diminution in the intensity of the fighting between the British and German armies Tuesday, although battles of great fierceness continued at several points. In these, according to London, the advantage rested with Field Marshal Haig's forces.

No infantry attack has developed from the artillery preparation the French have been making along their front for several days.

There has been little activity on the Russian and Rumanian fronts.

General Maude's troops have captured the railroad station of Samarra, on the Tigris river, some seventy-five miles northwest of Baghdad. In Palestine the Turks apparently purpose to make a stand against a further advance by the British through the Holy Land toward Jerusalem.

From Gorizia to the head of the Adriatic sea violent artillery duels are in progress between the Austrians and the Italians.

Along the entire Macedonian front reciprocal bombardments are taking place.

BULGARIAN WAR MINISTER BELIEVES PEACE IS NEAR?

By Associated Press.

Copenhagen, April 24.—"My opinion is that peace is nearer than many think," the Berlin Vossische Zeitung's correspondent quotes the Bulgarian minister of war as saying.

"The Russian revolution and American intervention," he added, "have brought peace nearer."

BERLIN CALLS IN MINISTERS TO TALK ABOUT SUBMARINES

By Associated Press.

Copenhagen, April 24.—The National Tidende says it learns that the German ministers in neutral states, including Count Von Brockdorff-Rantzau, minister to Denmark, have gone to Berlin to participate in a conference of the bundersath on questions connected with Germany's submarine warfare.

STRIKES IN GERMANY TO BE OPPOSED RUTHLESSLY

By Associated Press.

London, April 24.—A dispatch to the Exchange Telegraph from Amsterdam says the German reichstag committee which was formed to further the operations of the civilian patriotic service met yesterday to discuss the strikes of munition workers. General Groener, head of the department of munitions, declared at the meeting that it had been decided to oppose ruthlessly any further interruption in the making of arms and munitions.

KAISER TO LOCATE WIRELESS STATION NEAR BUENOS AIRES

By Associated Press.

Buenos Aires, April 24.—A German firm representing the Telefunken (German wireless system), has requested the Argentine government for authorization to make tests during May with the object of receiving radio-grams from Berlin. Later the firm will ask for a formal concession for the installation of a powerful wireless station here.

PETROGRAD RADICALS IN UNFRIENDLY DEMONSTRATION

By Associated Press.

Petrograd, Monday, April 23.—An effort by a small group of ultra radicals to make an unfriendly demonstration before the American embassy was frustrated by militiamen as the radicals marched down the Nevsky prospect on their way to the embassy. The demonstration was headed by Nikolai Lenine, the radical socialist leader, who recently arrived here through Germany from Switzerland with a safe conduct from the German authorities.

GERMAN RECKLESSNESS IS CONTRASTED WITH THE PAST

By Associated Press.

London, April 24.—Reuter's correspondent at British headquarters in France contrasts the reckless proclivity with which the Germans are throwing reserves of men and guns into the firing line with their previous prudence and says they clearly realize the full extent of the Anglo-French menace to their whole system of communication and are desperately trying to counter the danger.

JOFFRE ARRIVES WITH FRENCHMEN AS WAR COUNSEL

WAS COMING TO WASHINGTON LAST EVENING FROM HAMPTON ROADS LAND-NG.

THE HERO OF MARNE

FRENCH ENVOYS WILL AUGMENT PARLEY ON U. S. PART IN CONFLICT.

By Associated Press.

Fortress Monroe, Va., April 24.—France's war commissioners to the United States reached Hampton Roads today and tonight they are bound up on board the presidential yacht Mayflower.

The mission, of which Rene Viviani, vice premier and minister of justice, is the official head, and Marshal Joffre, a member, brings no written instructions from the French government, the ministry having decided to give its members unlimited power to negotiate with the United States on all subjects, military, naval and financial. It is proposed to discuss the sending of an American expeditionary force to France. Marshal Joffre and other military members will indicate to the American officials with whom they are to confer several important military reasons which they consider renders the sending of such a force advisable.

The most important of these reasons is found in the moral effect to be had from the presence of American troops and the American flag on the battlefields of France.

Want Army Abroad.

The French idea of an American expedition calls for a fighting force supported by auxiliary services, such as railway staffs, railway material, base repair shops, telegraph and telephone lines, automobile telephone and strong aviation section. The French government is ready to offer what may be needed to assist in the sea, operations, including the use for naval purposes of any or all ports in France. The ministry of marine has worked out for submission to the American government a comprehensive plan for overseas transports for both army and navy purposes and for the provisioning of the civil population.

Financially, France needs loans of \$100,000,000 monthly to be spent in the United States. Detailed official information on this subject will be submitted to the American government at the conferences in Washington.

Viviani the Head.

Mr. Viviani as official head of the commission during his stay here, gave the following statement to a staff correspondent of the Associated Press who accompanied the mission from France:

"Every American will understand that in deference to the illustrious president of the United States, whom I am going to see very soon, I reserve first word for him. I will have occasion to see you again and tell the American nation through you in a more complete manner the emotion with which the representatives of France greet in the name of their country the first democracy of the world, with which France shares the same ideals."

(Signed) "VIVIANI."

The members of the commission got their first glimpse of the shores of America at daylight this morning. American naval officials aboard a flotilla of destroyers met the former French passenger liner which brought the visitors over and the convoy at 11 o'clock last night about 100 miles at sea.

The French and the American vessels exchanged signals and then all continued toward the Virginia capes. Not a light was shown at any time during the maneuver and the vessels knew of each others' presence only by the phosphorescence kicked up by the propellers. At dawn the flotilla and its guests fell in by rendezvous with an American cruiser which led the way into the great harbor of Hampton Roads.

All members of the commission were on the bridge of their boat with the French admiral commanding, shortly after 5 o'clock to see the entrance. The day was magnificent with hardly a ripple distinguishing the broad expanse of water. As the Roads came into view, Marshal Joffre turned to an American naval officer, serving as pilot, and said:

RAILROAD WEIGHS MAIL TO OBTAIN STATISTICS

All mail on the Texas Central railroad is being weighed, this to be kept up thirty-five days from the date of beginning. This is done every four years. It is stated, in order to arrive at a basis for making a contract for handling the mails.

BALFOUR IS HONORED GUEST AT RECEPTION BY LANSING

By Associated Press.

Washington, April 24.—A reception given at the Pan-American building tonight by Secretary Lansing in honor of Foreign Minister Balfour brought to a close the series of official entertainments marking the welcome of Great Britain's war commission to the United States. President Wilson and all the cabinet officers attended. Miss Jeannette Rankin, congresswoman from Montana, was also present.

Informal conferences have been held during the past two days and some of the serious business for which the visitors crossed the Atlantic has been taken up, but the formal discussion of the part the United States may play in the war against Germany will begin only with the arrival tomorrow of the French commission.

DRAFT PLAN MAY DELAY FOR WEEK

DEBATE CONTINUES ON CONSCRIPTION TUESDAY.

By Associated Press.

Washington, April 24.—Debate on the war army bill continued in congress today with the desire to talk about the methods the United States should use in raising her millions of fighting men unabated. The house hopes to vote by Friday.

Opponents of the administration's selective draft plan found new hope during the day when Speaker Clark let it be known that he shared their views and would make a speech tomorrow in favor of the majority house committee volunteer amendment.

In the senate Senator La Follette introduced a substitute for the administration bill proposing to eliminate the draft feature and submit the question of raising an army to a referendum through the director of the census and the postmasters.

STATE AID IS FOSTERED BY U. S. IN FOOD PROGRAM

By Associated Press.

Washington, April 24.—State co-operation in the government's war-time food control program will be encouraged, it was announced today, by the appointment of a federal expert in each state to assist state boards in putting into operation food production and conservation methods. These men will be put at the disposition of governors as special representatives of the department of agriculture. Consideration of food problems was continued today by committees of both houses of congress.

NO NATION-WIDE PROHIBITION AT THIS CONGRESS SESSION

By Associated Press.

Washington, April 24.—House leaders are proceeding upon confident belief that there will be no nationwide prohibition legislation at this session of congress. The case against any attempt at general prohibition legislation has been based upon arguments that a constitutional amendment could not be adopted and put into effect in less than a year or more and that the government needs the revenue from liquor taxes for the war chest. The ways and means subcommittee which is drafting a preliminary revenue bill is being urged to increase the levies on whiskey and beer to the highest possible figure.

DEFENSE COUNCIL ASKS LABOR TO KEEP CONDITIONS NORMAL

By Associated Press.

Washington, April 24.—In a statement today amplifying its recent appeal to employers and workers not to change labor standards at this time, the council of national defense declares it recognizes that adjustments may become necessary and suggests that the council itself may find it advisable to propose modifications. It is the judgment of the council, says the statement, that the federal, state and municipal governments should continue to maintain the usual hours of labor and standards of safety, sanitation and inspection.

U. S.-RUSSIA CLASP HANDS THRU REPRESENTATIVES

By Associated Press.

Petrograd, Monday, April 23.—Prof. Paul N. Milukoff, minister of foreign affairs, and Davis R. Francis, the American ambassador, clasped hands on the platform of Alexander hall in the city duma tonight while an immense crowd stood and applauded. It was the first public demonstration of the new friendship of Russia growing out of America's entry into the war.

RUSSIA DISBANES 43-YEAR-OLDS.

By Associated Press.

Petrograd, via London, April 24.—The government has approved a proposal made by the war minister to disband all soldiers over the age of forty-three years.

2 BILLION LOAN TO ENGLAND MAY RESULT AT ONCE

WASHINGTON REPORT STATES M'ADOO MAY COMPLETE TRANSACTION TODAY.

SIGN SECURITY LATER

IMMEDIATE DISPATCH OF MONEY MAY SUPERCEDE COL-LATERAL ARRIVAL.

By Associated Press.

Washington, April 24.—The United States will lend England \$200,000,000 probably tomorrow as the first loan to any of the entente governments under the \$7,000,000,000 finance law signed by President Wilson today. The money for this loan will be available out of the proceeds of the \$250,000,000 of treasury certificates of indebtedness, due June 30 and just placed with the banks of the country through the federal reserve board. Secretary McAdoo will call for the proceeds of this issue tomorrow morning and as soon as the money is deposited in the various federal reserve banks, it will be available for the government's purposes.

The British loan will be made as soon thereafter as the necessary formalities of transfer can be completed. The money will be placed to the British government's credit speedily probably without waiting for the arrival here from London of British bonds to be deposited in the American treasury as security. In the event the United States probably will take some other temporary form of security, pending the arrival of the bonds.

The loan is not intended to cover Great Britain's full share of the three billion dollars intended for the allies, but is designed to meet England's immediate and pressing financial needs. A somewhat similar loan soon may be made to Italy.

CABINET HEADS TALK FOOD AND VITAL NEEDS TO ALLIES

By Associated Press.

Washington, April 24.—Food conditions in several of the nations of the entente allies have been reported to the American government as critical and as a result President Wilson and his advisers at today's cabinet meeting concentrated their attention upon what is being done to increase the food supply of the United States and provide additional ships to carry supplies to Europe. Realizing that it will take time to make more plentiful American harvests, the object of the government will be to prevent waste and systematize the distribution and exportation of foodstuffs.

HOUSE COMMITTEE CONCLUDES HEARING ON NAVAL MEASURE

By Associated Press.

Washington, April 24.—Hearings were concluded by the house naval committee today on the administration bill to increase the enlisted strength of the navy from 87,000 to 150,000 and the marine strength from 17,000 to 30,000. Consideration of the measure by sections will begin tomorrow. Major General Barnett said the sending of an overseas expedition had been discussed, but that the navy department had not reached any final conclusion about it.

WAR DEPARTMENT PLANS COMMISSIONS TO CITIZENS

By Associated Press.

Washington, April 24.—It was officially stated at the war department today that a commission will be given to every man who qualifies for one in the officers' reserve corps training camps to be opened next Tuesday. Some 30,000 applicants are expected to take training and from those qualifying will be selected ten or fifteen thousand for assignment of officers with the first 500,000 soldiers of the war army.

MISSOURI DEFENSE COUNCIL TO INCLUDE 21 PERSONS

By Associated Press.

Jefferson City, Mo., April 24.—Twenty-one persons were appointed by Governor Gardner today to the Missouri council of defense. The governor also made a contribution of \$1,000 to the council, of which E. B. Mumford, dean of the college of agriculture of the University of Missouri, will be chairman.

CONDITION UNCHANGED.

By Associated Press.

New York, April 24.—A bulletin issued by her physicians late tonight said there had been no change since morning in the condition of Mme. Sarah Bernhardt, the noted French actress. The bulletin added that she had spent a "comfortable day" and that "it has not been decided to perform an operation for the transfusion of blood."

BATTLES OF AIR FEATURE THRUST OF ALLIED ARMY

BRITISH MACHINES IN SPECTACULAR DAY'S CONFLICT YESTERDAY.

By Associated Press.
With the British armies in France, April 24.—The intensely bitter ground fighting of the last two days has been reflected in the air and the British flying corps yesterday established a new record by bringing down forty German machines. Fifteen of these were actually seen to crash while twenty-five collapsed or fell spinning nose dives, completely out of control. The fights took place 15,000 feet in the air from which distance it is barely possible to see the ground and wholly impossible to see an adversary crash unless the pilot deliberately follows down. Such a course is not feasible where the fighting has taken on the character of a general melee as is nowadays often the case. A remarkable part of yesterday's performance is that only two British machines are missing.

Day Was Perfect.

It was the finest day for war flying that the young khaki pilots ever had and today they have been at it again since sunrise, but the full reports of their exploits are not yet in.

It is known, however, that one intrepid young flier, failing to find a single German observation balloon aloft, sought out one in its hangar on the ground, dived at it and set the big gas bag ablaze from stem to stern.

Since Sunday the British airmen have been revelling in weather they have long desired. Not a cloud was in the sky today behind which a German could find shelter. Deprived of that means of "digging themselves in" the German fliers were far scarcer than usual and very difficult to find. British machines were everywhere along the battle front and far behind the German line. Bombing raids were carried out forty miles back, the machines deliberately flying over ground where battles were raging with the greatest fury.

Disorganize Reinforcements.

German trains rushing reinforcements to the front were attacked and transport columns on the roads were bombed and completely disorganized. In several instances the British machines came low over the fighting lines and poured machine gun fire into the German ranks. In doing this, machines have deliberately crossed the fire of their own as well as the enemy's guns.

Yesterday one British pilot, after bringing down two Germans and with all his ammunition gone, descended, reloaded, filled up his petrol tanks and took to the air again. Within half an hour he had brought down his third machine for that day. Another pilot felled two machines, while the other thirty-five were divided among a similar number of British pilots.

One Spectacular Fight.

The greatest fighting yesterday, orderly enough, was a drawn battle. One of the British pilots met a brilliant German flier and for a full hour they maneuvered in a most marvelous manner without either being able to bring his gun to bear on the other.

They rolled, looped, twisted, elaborately stalled their engines and standing the machines on their tail, slid backward through the air, but all to no avail. It probably was the most wonderful air duel the war has yet seen.

The British pilot reported today that several times he felt sure he would get his adversary between his sights, but the latter invariably wriggled out of the line of fire. The British flier himself was kept busy avoiding the German, and once he dared dive almost perpendicularly. The combat did not break off until both pilots had fairly exhausted themselves and their petrol.

Air Strategy.

Strangely enough, later in the day another British pilot encountered the same German machine. The Britisher was swinging his way home after a hard day's work, but he jockeyed with the German for nearly a quarter of an hour before flying on.

In strange contrast to this was the experience of one Britisher who somewhat peevishly complained last night that "I only got a rabbit." He explained this by saying that while his opponent had a good machine, he was a clumsy fellow and could not fight at all and was sent spinning with the first burst of gunfire.

MRS. HUFF DIES TUESDAY

APPOPLEXY CAUSES SUDDEN DEATH OF WELL KNOWN WACOAN.

Mrs. M. C. Huff, a resident of Waco since 1878, died suddenly yesterday morning at her residence, 818 South Sixth street, from apoplexy. Funeral services will be held some time tomorrow, probably during the afternoon.

Mrs. Huff is survived by two sons, Tasso D. Huff of Los Angeles, Cal., and Boyd F. Huff of Waco, and by three grandchildren, William F. and Robert H. Huff of Los Angeles, and Roy P. Huff of Waco. She belonged to the First Baptist church, and was for many years a most active member. Mrs. Huff was born in Holton, Mo., January 19, 1840. She was married in 1867 to Rev. W. S. POSTMASTER SENDS SONS TO JOIN AVIATION CORPS

J. N. Fallis, postmaster at Clifton, for his contribution to the army sent in his son, Barron W. Fallis, and Wallace B. Lang for enlistment in the aviation corps yesterday. These young men are 17 and 18 years old and will leave Waco today for Fort Leavenworth, Kan., accompanied by three other aviators. This makes a total of ten men recruited for this branch of the service for the month of April. Twelve applicants were received at Brownwood by J. T. Buchanan, who returned with the men yesterday. This makes a total of twenty-five men to be sent to Fort Sam Houston today.

CHRISTIAN ENDEAVOR POSTPONED.

Boston, April 24.—Postponement of the international Christian Endeavor convention, which was to have been held in New York July 1 to 9 was announced tonight. The postponement is for one year, if the war shall then be over.

SOUTHERN PINE DEALERS TO AID IN SHIP BUILDING

By Associated Press.
Memphis, Tenn., April 24.—Directors of the Southern Pine association, in session here today, appointed a committee of nine, headed by W. H. Sullivan of Bogalusa, La., to confer with members of the federal shipping board in Washington next Monday to fix maximum prices and arrange for the delivery of whatever amount of pine lumber that may be required in the construction of the fleet of wooden vessels to be built under the direction of the shipping board.

H. L. DAVIS TO WICHITA.

H. L. Davis left last night for Wichita, Kan., where he will remain until about July 1. At that time he will return to Waco to make further preparation for the opening of the "Booterie" which will open the latter part of July.

An ounce of seeing it yourself is better than a pound of hearing others tell it.

Lakeview Annex

"The Addition Beautiful—In the Line of March of Advancing Values"

These beautiful tracts are five miles from Waco on the Dallas Road. All interurbans stop at Lakeview Station—fifteen minutes ride—5c car fare.

There are only 32 of these tracts. Size 200 feet by 165 feet. Big enough for orchard, garden and poultry yard.

PRICES
\$295 to \$695
TERMS
Ten per cent down and \$5.00, \$10.00, \$15.00 or \$20.00 per month.

You Can Cut the H. C. of L. in Half

And yet live better and feel better, by having your own garden and orchard—and raising your own chickens—on a LAKEVIEW ANNEX TRACT.

High Ground and Sandy Soil

Many Waco people are of the impression that all land east of the river is low. This is a mistake.

Lakeview Annex is 100 feet higher than the river at the Interurban bridge!

—Another thing, the sandy soil of Lakeview never gets sticky and muddy, as does the ground in so many places.

—Good water is found at a depth of 16 feet to 25 feet.

A Good "Buy"—Whether You Build Now or Not!

Even if you do not contemplate building at this time, these tracts are a splendid investment. When the Spring Lake Club is completed it is certain that the real estate values of this addition will be greatly increased. Work on the grounds and building plans is now going on—and the completed club will be ready for occupancy by next fall.

Country Life and City Conveniences Delightfully Combined!

A big brick school house, situated in the center of Lakeview, gives instruction through the tenth grade—attended at present by about 150 pupils. Out-of-town people planning to locate in or near Waco, can find no better building sites than these.

THE GROCERY SO DIFFERENT

The Girl's Job
Mother to a Big Building
BY JESSIE ROBERTS.

One of New York great office buildings, if not the greatest, has instituted a service used by various progressive businesses, stores, etc., but which has not till now been undertaken by a building.

Welfare Secretary is the title under which this new work is done, though Mother of the Building would be better, for that is just what this young woman is.

Her work is to look after the physical health and comfort of some 2,000 women tenants and employees who spend their working hours in the building. Not only the women benefit, now and then some office boy taken suddenly ill, or even one of the business men who needs help, calls for the welfare secretary, and never calls in vain.

There are forty floors in this building, and within its walls are all the activities of a city. The young woman, for she is young and charming, too, who mothers the great place has her rooms about halfway up. She may be reached whenever emergency calls.

There are restrooms and silence rooms for every few floors, presided over by matrons, and having every facility for first aid at hand, as well as doctors in call. But the welfare secretary has other work than to respond to a distress summons. She organizes social entertainments and she is a well of information on all questions pertaining to vacations, boarding, and eating places. She superintends classes in English, Spanish, and other subjects, and she has organized a monthly needlework exhibit and contest that has proved popular.

Dallas, April 24.—With Mrs. Percy V. Pennybaker of Austin, past president of the General Federation of Women's clubs, presiding, representatives of women's organizations of Texas met here today and pledged themselves in every way possible to help conserve the food supply.

This will be done by cutting down the use of wheat flour in breads; by using substitutes for meat in food products; by asking the government to stop the use of grain in liquor manufacture by elimination of meat for certain meals, and by assisting the school children in their work of conserving the supply.

Miss Mary E. Gearing of the University of Texas urged that a resolution be sent to the master bakers in convention here urging them to prepare "war bread" by using other materials than wheat in flour.

Miss Gearing also suggested that all refreshments served at entertainments should be of the simplest nature.

Clarence Ousley, director of the extension department of A. and M. college, opened the meeting with the admonition that if America wishes to win the war she must feed the allies.

Organizations represented at today's meeting were the United Daughters of the Confederacy, Texas Rural Welfare association, Texas Council of Mothers, Daughters of the American Revolution, Colonial Dames, Texas Federation of Women's clubs, the Southwest-ern field of the Y. W. C. A., the Dallas Equal Suffrage association and the National League of Women's Service.

ANNOUNCEMENT PARTY FOR MARKS-GILBERT.

To announce the engagement of their daughter, Ray, to Abe Gilbert of Fort Worth, Texas, Mr. and Mrs. Sam Marks received on last Sunday their many friends. Not only were the home friends participants, but a number came from other towns to tender hearty congratulations.

The rose was most prominent in decoration, the color scheme being pink and white. The dining room presented a beautiful picture, the pink and white motif being carried out. Resting on a beautiful table cover, a Marie Antoinette basket filled with La France roses marked the center of the table, and joined to this by streamers of pink satin were miniature baskets of like form containing reception sticks and salted nuts.

The guests were welcomed by the parents of the bride-elect, Mr. and Mrs. Sam Marks; Miss Ray Marks, Abe Gilbert, Mr. and Mrs. Sam Gilbert, parents of the groom, also Mr. and Mrs. Max Gilbert, Mr. and Mrs. L. G. Gilbert of Fort Worth, Mr. and Mrs. Eli Marks, B. Marks, Miss Esther Marks, Mendel Marks of Corsicana, Miss Ida Mitchell of Hillsboro.

The bride-to-be was artistically gowned in a lovely costume of rose tulle over metal cloth with trimmings of silver, a corsage of white sweet peas completing the costume.

Assisting Miss Marks in the dining room were her girlhood friends, Misses Rose Strauss, Hazel Davidson, Lillie Wood, Mildred Freund, Bess Freeman, Sadie Goodman, Leah Friedman, Edith Adelman, Ruth Levinis, Janet Marks, Libbie Fred.

Miss Bess Freeman presided over the guest book and recorded the names of all those who had come with good

MISS COOPER ENTERTAINS FOR MISSES LUEDDE AND ALLISON.

Miss Florrie Neal Cooper was Monday's hostess to two of her friends, Miss Frances Luedde, the bride of Thursday, and Miss Vernel Allison of Denton. Lavender and pink sweet peas were effectively used in every room, the refreshments also carrying out the delicate color scheme. Eight tables enjoyed the game of bridge, in which Miss Ann Risher received head prize and Miss Marion Duncan consolation.

Miss Risher was presented with a silver vase, Miss Duncan with a silver flower basket, and the two honorees with silver mounted vases.

Miss Cooper's guests were: Misses Frances Luedde, Vernel Allison, Alice Brazelton, Marion Duncan, Emma Farrell, Janet Gorman, Morrie Moore, Grace Cox, Pauline McLendon, Mary Farrell, Nora Gorman, Sallie Thompson, Mildred Smith, Louise Gay, Ella Fawcett, Louise Baker, Mabel Chambers, Virginia Lazenby, Ruth Hubby, Roberta Rogers, Buena Clinton, Mary Gorman, Thelma Ashburn, Queenie Barnett, Virginia Eddins, Lucile Lewis, Dixen Holloway, Norma Bonner, Marion Dilworth, Blanche and Sarah Gross. Quite a number of friends had been invited to call after the game, and 5 o'clock found the parlors pleasantly full of players and callers, who enjoyed a social hour and dainty refreshments.

SHAKSPERETTES WITH MRS. J. W. WOLFE.

The Shaksperettes met as usual on Monday afternoon with Mrs. J. W. Wolfe, the director of the study course. The roll call was answered by "war news" by eleven members. The regular study course was then taken up.

PLEASURE AND PROFIT WITH MRS. H. L. QUINIUS.

Mrs. H. L. Quinius of Sanger avenue takes the place today of Mrs. William Morrow as hostess to the Pleasure and Profit club, Mrs. Morrow being called out of the city on account of the illness of her mother.

EVANS-WILLIS WEDDING TODAY.

Miss Clara Evans and John Todd Willis will be united in marriage today at the Columbus Street Baptist church at 11 o'clock. After the ceremony, Mr. and Mrs. Willis will leave immediately on their wedding journey, which will include a week's stay in San Antonio. After their return, they will be at home in their newly built cottage, 2104 Ethel avenue.

COUNCIL OF MOTHERS TO MEET TODAY.

The Council of Mothers will convene today in regular session at the high school at 3:30. Several important matters will be brought up for discussion. Mrs. A. W. Hall of the Dean Highland school, who attended the meeting of the Fourth District of the State Parent-Teachers' association at Richmond, Texas, recently, Miss Pauline McCauley will give a list and discussion of the best books for children. The kindergarten law, recently passed by the Texas legislature, will also be discussed. A full membership is desired.

"500" CLUB WITH MRS. ROSE MCGHEE.

Mrs. Rose McGhee proved a delightful hostess on Monday evening when she entertained the "500" club, or the 1217 Card club, as it is also called.

The pleasantness of the rooms had been augmented with vases of pretty roses from the home gardens. The club prize for the ladies was won by Mrs. J. E. Bailey, who was presented with several dainty handkerchiefs. Hugh Driscoll was presented with the deck of cards which always falls to the gentleman making head score.

After the games, Rupert Van Horn took his place at the piano, the rooms were cleared of tables and an impromptu dance was enjoyed until midnight. Mrs. McGhee served her guests with delicious, fresh strawberries and whipped cream.

Those present besides regular club members were: Mr. and Mrs. E. M. Trammel, Mr. and Mrs. G. H. Smith, Mrs. F. J. Lennox, Mr. and Mrs. Hugh Driscoll, Mr. and Mrs. J. W. Hill, Miss Margaret Murphy, a sister of Mrs. Driscoll, who is visiting here from Portland, and Mr. Rupert Van Horn.

MISS MAUD BROWN FOR MISS THOMPSON.

A recent hostess for Miss Sallie Thompson, the bride of the last day of April, was Miss Maud Brown of North Fifteenth. The pretty home had been made especially attractive for the occasion. The reception room and music room were in pink and white roses, and the dining room was graced with masses of red roses. The wedding motif was the keynote of every detail, the hand-painted score cards bearing the wedding bells and lilies of the valley. Hanging to the cards were real little bells. In the games of bridge, Miss Alice Brazelton won head prize, a pink boudoir cap. The second prize fell to Miss Dolly Lake, a hand-painted boudoir tray. The honoree, Miss Sallie Thompson, was presented with a memento of the hostess' skill with the brush in the form of a hand-tinted canvas.

The table in the dining room held a rustic basket of red roses. The refreshments, which were carried on pretty trays to the tables of the players, were faithful to the prevailing colors, pink and white.

Mrs. J. O. Hall, who, with the hostess' mother, Mrs. Bland Brown, assisted the young hostess, played at intervals throughout the afternoon, her beautiful interpretation of popular airs contributing a great deal to the enjoyment of the afternoon.

Those invited to honor Miss Thompson were: Misses Sallie Thompson, Maizie Turner, Charlie Belle Turner, Ella Flewellyn, Dolly Lake, Virginia Eddins, Grace Cox, Lucile Lewis, Mildred Fort, Marion Duncan, Emma Farrell, Mary Farrell, and Mesdames Robert Montgomery, William Abel, Joe Thompson and Willard Wigley. Miss Catherine Lattimore and Miss Claire Richardson called to chat with the girls after the games.

MISS HONORA SILBERT IN DOUBLE RECITAL.

Miss Honora Silbert appeared at Carroll chapel Monday afternoon in a double recital, Miss Silbert being a graduate in both expression and piano.

Miss Silbert's keen appreciation of the masters was shown in her capable and sympathetic treatment of the works of Beethoven, Poldini, Chopin and Schubert.

The audience was especially charmed by Miss Silbert's fine interpretation of "The Music Master." Her hearers lived again with her pathetic and beautiful scenes of the story, rejoicing with her in the happy climax. The recital was one of the most successful ever given at the university.

MOTHER LIVES YOUTH'S DREAM IN HER CHILD

MISS AUSTIN PORTRAYS PLAIN UNEDUCATED WOMAN WHO ACHIEVES LIFE SUCCESS.

By Anne Austin.

She's fat and comfortable looking, with the kindest, most understanding eyes in the world. She is not the least bit stylish looking, and no one in the world would want to see her different. She wears commonsense clothes, of substantial material, and makes them all herself. She doesn't put much time on them, for the high school daughter needs so many things. She revels in silk hose, and dainty pumps, and lacy "undies," and crepe waists, and sport blouses for the pretty, slim young daughter who is just having beaux, but when all those pretty things have been bought, there is not much left for her own use, and she is the last person to pity herself.

She deliberates lovingly over the daughter's clothes, and then perhaps she hurries to the shoe clerk and tells him she wants a number five, commonsense shoe, at the cheapest possible price. She gets her shoes and wears them, but she doesn't even take time to look at them again.

Dreams Not for Her.

When she was young she dreamed and saw visions, but her father was an incompetent farmer, who seemed to raise children for their economic value as cotton pickers and field hands. She looked into her mirror and saw herself as she was, plain, with rather coarse features, big hands and feet, an inclination to stoutness, and with a total absence of refinement. She caught a glimpse of herself as she would have liked to be, and she cherished it in her heart.

She married a man slightly above her own father in every way, but a plodder for all that, and only a plodder's chance for the good things of this world. She lived on a farm until the start had been made, and then she calmly and with a smile hiding the hurt in her breast, gathered up the wee girl's funny, old-fashioned wardrobe, told the husband he must come on, too, and moved to the city. She told no one her purpose, but she set about to make the dream in her heart come true for the little daughter.

Living Thru a Child.

When she bathed the slim, graceful young body, she did so with a swelling bosom and thoughts too sweet for utterance. In a vague way she felt that the futile longings of her own starved nature had been incarnated into the little patrician she called her daughter.

She looked at her stolid, good husband and knew that he would never understand. She devised the most ingenious schemes for making money to augment her slender income. She practiced economies which would have surprised the economics specialist. And so it was that little daughter was able to go to school, looking as sweet and dainty as the banker's daughter in the next seat.

And strangest of all, the big heart of the mother means something to the girl, so that a strong companionship has grown up between them which has never been crushed by a feeling on the girl's part that she is "better" than her mother.

The girl probably will fulfill all her mother's hopes for her. The daughter will never experience the hardships that she has suffered. She wants economic independence for her, so that she will not have to mate with the first man who offers.

The mother herself experienced the stirrings of a rather powerful mind, prevented from flowering by lack of education. She has dimly felt all her life the injustice of the social standards, and especially of the dual standard of conduct for men and women. She wants her daughter to have the fullness of life, but she knows that

that fullness is dependent upon absolute freedom of thought, based upon understanding gained from a broad education.

She has acutely felt all her life the harshness of a government that has not given women a fairer chance in life. She has seen too much of the lord and master attitude of men. She knows that all her life, and back into the life of her mother and her mother's mother, the wage-earning has been divided between the men and the women, with no recognition for the women.

The hope of the world lies in her now, and in her daughter and others like her tomorrow. She doesn't go to suffrage meetings, but she hopes that her daughter will. She is one of the truest advocates of the cause, for she is preparing the soil of her daughter's mind for the reception of economic equality with men. That means, of course, a striving for the highest type of mental, moral and spiritual development of women.

In her next article Miss Austin will close her "suffrage" series with a portraiture of her view of the highest type of modern woman.—The Editor.

GENERAL JOFFRE IN AMERICA.

AMERICA has as its guest today General Joffre, hero of the Battle of the Marne, and foremost war expert of the French nation. His coming bridges over the space of time when Lafayette came to our shores, and brings down to date the friendship of the French for America.

His arrival was a repetition of history. Like Lafayette, he comes not only to plan with Americans their new work in the big world war, but to renew the cordial relations always existing between the two nations, and in the French way to "see how her friend over here is getting along."

Joffre's arrival yesterday was an epoch in American history. The historical traditions surrounding the friendly exchanges between the two nations serve to make Joffre's landing on our shores an eclipse of the arrival of Balfour.

Joffre's visit is a reincarnation of the spirit of French-American friendship; not dead by any means, but perhaps just a little dormant over so many decades.

WOMAN'S WAR DUTY.

TEXAS housewives may be called upon to play almost as important a part in the present war as the men in the trenches.

Food makes the sinews of war. Now is the time to begin to economize in the use of foodstuffs.

Food is the fuel of the human body. The kind needed in order that the body may do its work are bread, rice, corn and other cereals, sugar, flour, potatoes, fat oil, butter and like.

The chief building foods that are needed to rebuild body tissues are meat, eggs and milk.

The body also needs mineral salts, which are best supplied in milk, fruits and green vegetables.

The economical housewife makes up her mind what she needs before going out to market. She then buys all that she needs for the day. It is a waste of time and money to run out to buy before every meal.

It is important to get food that gives the most strength for the least money. The housewife should also utilize the left-overs.

Left-over cereals can be used for thickening soup. A meal can be made from left-over meat combined with some fresh vegetable.

Plan, substantial wholesome meals, well prepared and properly served will do the most good.

Peas, beans, fish and cheese give the same nourishment to the body as meat and at less cost.

The housewife will undoubtedly play her part in this war just as will the men.

The Real German-American

BY DR. FRANK CRANE

After all, salvation must come out of Germany. It is not from the armies of the allies but from the German people themselves that we look for the solution of this fearful problem.

When they realize that the group of men who caused this war is not only the world's enemy but their own enemy and when they arise and banish this evil, then we shall have peace.

Germany has betrayed, butchered, impoverished by the intolerant egotism and ruthless will to rule of her governors. The only hope for that country, as for the rest of the world, is democracy.

There appeared in the New York Times of March 23, a remarkable poem entitled "The Chant of a German-American." It seems to me to be about as fine a bit of literature as the war has inspired. Whoever the author may be—his name is signed as Charles D. Kountz—the poem is clearly the product of deep emotion working on a clear, fine mind. It is worthy of being reprinted in every paper

in the United States, Canada and England.

And our German-American friends can rest assured that there can be no question of their loyalty, and no lack of appreciation for their sentiment, when such an expression is evoked.

If the ideas of these verses could get past the trenches into Germany they would do more toward ending the war than all the bullets of Christendom.

THE CHANT OF A GERMAN-AMERICAN.

"If the war results in a world of republics, it will have justified itself."

—Anon.

Brothers, O brothers over the sea,
When will ye strike for liberty?
When will ye learn that the right divine
Is the right to be free? And the right
Is the right to be free?

Behold the Bear That Walks Like a man,
And grasp the meaning, if ye can!
Then having learned the meaning, heed!
The Bear has become a man indeed!

Look to the east, where the sun begins
Along unfettered from ruler's sin!
And are ye even less than they?
That they must teach ye freedom's way?

Look to the glorious land of the west,
Drawing from every race its best!
Saxon and Teuton and Slav and Celt,
Common all in a yearning felt!

What is the thing that drives ye on,
Where a million men to their graves
Have gone?
The lust for power, now turned to hate!
Have ye forgotten Habel's fate?

The world has need for your fine, red
Rushing to waste in a very flood.
Lost for a single ruler's gain!
Lost for a sinful cause and vain!

Brothers, O brothers over the sea,
When will ye strike for liberty?
When will ye turn, and by your might
Achieve the one God-given right?

—Charles D. Kountz.

BANQUET ENTHUSIASM.

Every day we read of banquets,
Read of banquets by the score,
Where there's "wild enthusiasm"

For an hour or two or more,
Where the brave dress suit battalions
Charge the breastworks of the hen

And annihilate the oysters,
Even as valiant fighting men;
Where there is a feast of reason

And a varied flow of soul
From the asty hors-d'oeuvres
To the fluid in the bowl.

Every patriotic banquet
Is a gastronomic treat.
What's the idea of this conflict?

ARE WE GOING TO FIGHT OR

Sammy Jay Brings Danny a Message.

BY THORNTON W. BURGESS.

Peter Rabbit felt as if Nanny Meadow Mouse was almost as good as found. "I've got a pair of the sharpest eyes of which I know looking for her, and back of those eyes are wits as sharp and clever as any on all the Green Meadows or in all the Green Forest." If Sammy Jay can't find her, then something surely has happened to her," said Peter to himself as he hopped this way and that way from bush to bush and bunch of grass to bunch of grass looking for Nanny Meadow Mouse.

What Peter said about Sammy was quite true. His eyes and his wits are of the sharpest. Furthermore, there is nothing he so enjoys as using them. He dearly loves to try to find out the secrets of others. It isn't so much mischief that leads him to go spying and snooping around as it is the love of testing his eyes and his wits against those of his neighbors. So when Peter Rabbit told him about Danny and Nanny Meadow Mouse he made up his mind even before Peter suggested it that he would find Nanny. When he left Peter down near the cornfield Sammy flew over to the Big Hickory tree to do a little thinking.

Now right there is one great difference between Peter Rabbit and Sammy Jay. Peter thinks backward and Sammy thinks ahead. By that I mean that Peter does things as they

Sammy Laughed Right Out.

pop into his head and then later looks back and thinks how he might have done differently and much better. This is what is called being im-pul-sive. Sammy Jay doesn't do things this way. It is very, very seldom that Sammy is im-pul-sive. He does a lot of thinking before he acts. He plans ahead. So when Peter Rabbit is forever headlessly poking his wabbly little nose into trouble Sammy Jay usually manages to avoid it.

Now, Peter started looking for Nanny Meadow Mouse without any real plan at all. He got as far as the edge of the cornfield, decided it was of no use to look there, and turned back the way he had come just as Danny Meadow Mouse had done. Sammy Jay first flew to the Big Hickory tree and quietly thought the whole thing over.

"What would I have done if I had been in Nanny's place?" thought he. "I might have worried a little about Danny, but I would have known that he was quite able to take care of himself. As soon as I knew that he couldn't be found I would start for

my old home. That would be the sensible thing to do. That is just what Nanny has done. That is where she and Danny had started for and she has gone straight there, thinking that Danny will have sense enough to do the same thing."

Sammy spread his blue wings and started straight for the place where Danny and Nanny Meadow Mouse used to live on the Green Meadow. He didn't waste any time looking for Nanny on the way. When he got there he flew very low, so as to see better. Presently he saw a little movement of tangled dead grass. Sammy's eyes danced.

"Welcome back to the Green Meadows, Nanny Meadow Mouse!" he cried.

There was no answer, nor did the grass move again. Sammy flew down and alighted close by. His eyes twinkled as he said:

"Danny Meadow Mouse is breaking his heart because he is sure that he never, never will see you again."

"This time he got a reply promptly. 'You tell Danny Meadow Mouse that he never will if he hasn't got sense enough to come home!'" said a sharp, squeaky voice.

Sammy laughed right out. "All right, I'll tell him just that," said he, and once more spread his blue wings. And Sammy was as good as his word. He took that message to Danny just as it had been given him.

NERVOUS SPELLS

And Combination of Troubles Relieved by a Combination of Medicines.

A quotation from one recent letter: "I have been taking Hood's Sarsaparilla and Pepton Pills as a course of medicine and find this combination has worked like a charm. They told me I had neuralgia, and certainly I was in a very low and discouraging state of health. I suffered extremely with nervousness and had neuralgia pains so I could not sleep nights."

"Those nervous spells were awful! I heard about taking Hood's Sarsaparilla and Pepton Pills—one before meals, the other after—the suggestion struck me favorably so that I have taken the medicines carefully and faithfully with most pleasing results."

"It is a long time now since I have had one of those severe nervous spells. I can do a good day's work, can work in my garden and walk a mile."

Ugh! Calomel Sickens; Salivates!

Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad; stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick; you may lose a day's work.

Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back

guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and cannot salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.

Most people die eventually of an over-acid condition. If the blood can be rendered more alkaline, the longer we live. With regular hours, 6 to 8 glasses of water between meals, sensible coarse food and a chance to get the poisons out of the system, a man will live to be a hundred. But, unfortunately, our highly nervous way of living brings increased viscosity of uric acid in the body. This acts as a poison, and consequently we suffer from headaches, neuralgia, lumbago, aches or pains, rheumatism, gout.

Get rid of this uric acid poison by taking a harmless medicine called Anuric, which throws out the uric acid by stimulating the kidneys. Drink a pint of hot water before meals and take Anuric (double or triple strength) after meals and at bed time. Anuric can be obtained at almost any drug store, or send \$1.00 to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for full treatment.

The body is a highly organized machine of complicated parts in which the stomach, liver and the kidneys work for the common good. Damage to any one of these organs interferes with man as a motor mechanism. If you will clean the stomach, liver and bowels occasionally with a gentle laxative you can keep well. Too much fuel in man's machine, such as eating too much meat, or alcohol or tea, nervous overwork and lack of exercise in outdoor air bring constipation and bad health. Eat less meat, plenty of vegetable

food, and with air and good exercise you need little else. If the liver needs rousing—and most of us need this once a week—take a safe vegetable extract of the leaves of aloe, May-apple, root of jalap made into a tiny sugar-coated pill, sold by almost every druggist as Dr. Pierce's Pleasant Pellets and first put up nearly fifty years ago.

Laugh With Us

Miss Helen, the daughter of the family in which Jet black Maria Jackson occasionally worked by the day, had been given a beautiful cup and saucer of rare china. She showed it to Maria and said:

"I mean to put it away in my hope box. You know what that is, Aunt Maria? It is the box a girl puts things into in the hope that she will some day need them as a bride."

"Lawdy, chile, I knows all about dem hope boxes. I got one of my own, chile."

"Why, I thought you were already married."

"I is, chile, an' my hope box is one I is puttin' money into fas' as I kin until I has enough to pay fo' a divorcement from Pete Jackson. More'n one kind of hope box is mixed up with matrimony, Miss Helen."

She was very young and pretty, and the young man found her irresistible. In spite of the fact that he was as poor as a church mouse, he led her to the altar.

As they left for the honeymoon the bride slipped her fingers into his hand and whispered:

"Bertie, I've an awful confession to make!"

"What is it?" asked Bertie anxiously.

"I can't cook."

Bertie's face cleared.

"Never mind, little girl," he said, encouragingly; "that won't matter. I don't suppose there'll often be anything to cook!"

The rain was coming down in buckets and the two children—a very small boy and a still smaller girl—were battling along, striving to keep the rain off with a bedraggled old umbrella. They turned into their own street and the small boy hurried his steps and hugged tighter his blue paper parcel, while very carefully he sheltered his tiny sister. Suddenly their mother thrust her head out of a window a few yards up the street. When she spied the children she waved her arms frantically.

"Never mind about the child, BIR!" she shouted. "Old the umbrella over the sugar!"

STRENGTH COMES
TO COTTON LATE;
PRICES GAINEDMARKET HAD ITS PERIODS OF
WEAKNESS WITHOUT SERIOUS
EFFECT, HOWEVER.

(Associated Press Report.)

New Orleans, April 24.—Although the cotton market had its periods of weakness today, pronounced strength was shown late in the session, chiefly as the result of short covering and prices were forced to 30 points over yesterday's last price. Much of the covering was caused by the reports that the first tender against May contracts which may make a difference in the incoming spot market, would be quickly covered for. The close at 30 points, may be the strongest move on the boards.

In the early afternoon prices broke out reports of a freight embargo against cotton out of Memphis. On the decline and the market rebounded quickly to new high levels for the day.

NEW YORK COTTON.

New York.—A renewal of near month liquidation unsustained in early cotton market, but declines were followed by a sharp rally with July selling up from 19.10 to 19.50 and closing at 19.47. The general list closed very steady at a net advance of 10 to 30 points.

The market opened barely steady at a decline of 2 to 3 points and sold 1 to 16 points net lower during the early trading. The feature of the decline was active selling of May against purchases of July or October by spot house brokers and preparation for possible liquidation in the near future. These offerings were not badly taken at the decline, however, and as taken at the decline liquidation subsided the market turned firm on covering and buying for a reaction. There seemed nothing for a reaction. There seemed nothing for a reaction. There seemed nothing for a reaction.

Linters exported: Unbleached, 144,001 running bales; bleached, 96,041 bales.

DRY GOODS.

New York.—Owing to hesitant bidding at the carpet auction, it was announced today that goods to be made will be withdrawn from the offering and the sale confined to stock goods. The manufacture of carpets will be curtailed. Cotton goods and yarns were quiet with prices generally firm. The retail and jobbing trades were quieter.

BLACKEYED PEAS—BEANS
GOOD CROPS TO RAISE

Allison Harrison, farmer, living near Waco, thinks that one of the best things people can plant for food is blackeyed peas and beans. These can be saved easily, he thinks, and will yield more nourishment than most any other food crops. Mr. Harrison also recommends that all surplus dogs be killed, saying in this connection:

"There are a lot of worthless dogs which ought to be killed at this time. They are not only eating a good deal of food which could be used by individuals, but are stealing many eggs and in some cases eating chickens."

WHEAT HIGHER
THRU SCARCITYLIBERAL EXPORT BUYING AT
WINNIPEG ALSO ADDS
STRENGTH.

(Associated Press Report.)

Chicago, April 24.—Scarcity of offerings here together with signs of liberal export buying at Winnipeg, of a renewal of actual domestic milling demand, helped today to bring about sharply higher prices for wheat. After a rise that in some cases reached 3c a bushel, the market closed strong at gains of 6c to 8 1/2c net. Other commodities, too, scored an advance—corn 2 1/2c to 3c, oats 3/4c to 2 1/2c, and provisions 2c to 3c.

Upward swings of wheat values began almost as soon as the market opened. There was a conspicuous lack of sellers, and it was not long before shorts gave evidence of serious apprehension, as British interests appeared to be purchasing on a large scale in Canada. Talk was also heard of cold weather delays to spring wheat seeding in some parts of the northwest.

Corn followed wheat. Export demand lifted oats. The advance of cereals strengthened provisions.

Futures ranged as follows today:
Wheat—No. 2 hard, nominal. No. 2 red, 2.31 1/2. No. 2 yellow, 2.31 1/2. No. 2 white, 2.31 1/2. No. 2 mixed, 2.31 1/2. No. 2 white, 2.31 1/2. No. 2 mixed, 2.31 1/2.

Failure to agree tariff schedules omits huge sum.

By Associated Press.
Washington, April 24.—Inability of democratic and republican members of the ways and means committee to agree on tariff schedules probably will result in the omission from the new war revenue measure, now in the making all proposed levies on goods now admitted to this country free. Exclusion of the tariff section will make necessary the raising of approximately \$206,000,000 additional revenue from other sources under the suggestions submitted to the committee by Secretary McAdoo.

PLANT SORGHUM
AND SAVE ON
YOUR FEED BILLSUCH IS THE ADVICE SENT OUT
BY A. & M. EXTENSION
DEPARTMENT NOW.

No crop will be found so profitable throughout Central Texas as a limited acreage of sorghum used for pasture and for hay. Sorghum grows well throughout Central Texas. It is easy to procure seed. Farmers know how to plant and care for the crop. At least five acres ought to be planted for hay on every one hundred-acre farm in this territory. This acreage is certain to produce the hay needed to feed the work animals. It is an established fact that the grain ration for work animals can be materially reduced by the use of plenty of hay. This is very desirable, because hay is cheaper than grain.

There is generally on every farm three to five acres or more of non-tillable land or land that is so disfigured by creeks and other water courses that it is not used in the general field. Such land should be cleared of brush, plowed and planted to sorghum. In July and August when the crop is "laid by" this sorghum patch can be fenced and all the work animals on the farm turned onto it. It will feed them abundantly for six or eight weeks. The principal cost to you will have been the planting and the fencing of the land which has heretofore brought no returns. It is to be remembered that two months' saving on the feed bill is not to be "sneezed" at. Buy some seed now and plant some waste land on your farm to sorghum.

Philadelphia, April 24.—Preliminary work on construction on one of the most powerful wireless stations in the world has begun at the Philadelphia navy yard, according to a non-official announcement today. The construction of a huge hanger which will house eight battle hydro-airplanes is also under way. The new wireless station will make possible direct communication with the Philippines. The aerial structure will be more than seven hundred feet high.

AVERAGE FAMILY GROCERY
BILL TO BE CUT DOWN

The view is expressed by many that the next several weeks will witness quite a cutting down of the average family grocery bill, by reason of the fact that gardens are coming in right along now. It also is said that they have ever lasted, as the people are arranging to have one vegetable crop follow another, and will water the gardens if necessary, feeling that a little increase in the water bill is better than a decided increase in the grocery bill. Already many people are eating greens, beans, peas, lettuce, radishes and things of that character from gardens, and soon okra, tomatoes, beets and other things will be coming into use freely.

Eye-glasses No Longer Detract From Appearance.

In many cases they improve. Modern eye-glasses as we make them are rimless lenses held securely but comfortably on the nose by inconspicuous Koelock mountings. As graduated optometrists we feel confident in our ability to competently examine and prescribe for your eyes. That our confidence is justified is indicated by our greater number of patients.

Over 20,000 people in Waco and vicinity are wearing glasses prescribed by this firm, and over 30,000 people are constantly recommending our goods and services to their friends. The Exclusive Optical Store at the big electric spectacle sign.

WAS SO CRIPPLED SHE COULDN'T EVEN TURN OVER IN BED

HAD RHEUMATISM SO BAD SHE COULDN'T PUT HER CLOTHES ON—TOOK TANLAC AND FEELS BETTER THAN SHE HAS IN FIVE YEARS.

One of the most remarkable experiences of a wonderful restoration to health and strength, through the use of a proprietary medicine was related by Mrs. M. L. Thornton, who resides at 1901 Burnett street, when the Tanlac representative called at her home a few days ago.

"I was down in the bed unable to use my arms to help me turn over and my children were told that I couldn't live but a short time, and in spite of that I am here today, alive and feeling better than I have in five years and Tanlac is the only medicine I ever took that helped me," said Mrs. Thornton. "Nobody can know what misery I had to go through with in the five years I suffered unless they have had the same troubles I had. My stomach got out of shape first and I was told that it was a catarrhal condition, and that was the beginning of my terrible suffering. Rheumatism set in after a while and both these troubles together dragged me down until I was almost a shadow."

"Nearly everything that I ate soured on my stomach and formed gas that swelled me up so that it almost stopped my heart. All through my stomach and back I had awful sharp, cutting pains that kept me in a round of agony day after day and I got rheumatism in my arms and in fact all over me until I couldn't walk two blocks over to my daughter's house to visit her. Every treatment that I took seemed to leave me in as bad a fix as I was before I took it, and I lost weight and strength until I was unable to do anything. So I took to my bed and grew worse and worse all the time. I got to the place at last where I couldn't even put my clothes on for the terrible hurting in every joint and muscle and my arms hurt me until I couldn't use them to turn over in bed. I thought my time had come, and at one time they told my daughter that I wouldn't live but an hour or so."

"Well, sir, it sure is a wonderful thing for me to be able to be here today after I got as low as I was before I started taking Tanlac, but here I am as well as I ever was in my life. Right away after I began taking the first bottle, my stomach quit giving me pain and I started eating. My appetite has come back to me now and I can eat just anything that I want without a bit of trouble. The rheumatism has been relieved also for the pain has left my muscles and joints and I can visit my daughter now whenever I want to. The fluttering of the heart has disappeared, because I don't have the gas on my stomach after eating. After seeing what Tanlac did for me, my husband and daughter are both taking it now."

Tanlac is sold in Waco at Morrison's Old Corner Drug Store under personal direction of a special Tanlac representative.—Adv.

COAST RICH IN OIL, SAYS WACO DIVINE

Much impressed with the indications of immense oil and gas fields in the Corpus Christi section of Texas, Rev. E. V. Cox returned yesterday from a stay of two weeks at that coast resort. Rev. Mr. Cox visited the site of the great gas well which was so hard to control for weeks, and said that he looked down into a yawning hole in the earth which had been torn out by the escaping gas. The hole was 200 feet in diameter and 150 feet deep, with about another fifty feet of water in the bottom. He thinks this section will yet be one of the great oil and gas sections of Texas.

Amusements

"HIS FATHER'S SON" AT HIPPODROME.

The entertaining comedy drama, "His Father's Son," written by Channing Pollock and Renold Wolf for stage production, has been put into picture, and with Lionel Barrymore as the co-star with Irene Howley, will show at the Hippodrome theatre today only. The beginning of the story is of the usual type of stern father and spendthrift son production, but when the boy starts out with his valet and a racing automobile, without money, and having bet his father \$5,000 that he can hold a \$50-a-month job for that length of time, it begins to be "different." The adventures of J. Dabney Barton from this time forth are many and varied, and his meeting with Betty Arden is not the least of these. He finally secures a position as butler in the home of Betty, the only that he may guard the wonderful emerald, "The Lady of the Sea," which her father owns, and his position brings him much embarrassment when he learns that it is Betty's household wherein he acts as a menial. The outcome of the story is also "something different," and it is also wholly pleasing to any audience. Mr. Barrymore and Miss Howley have found in this a splendid vehicle, and have made the most of the story.

In the Nineteenth district court, in the case of Mrs. L. W. Bagby vs. J. M. Miller et al., suit to settle boundary lines, a decision was given in favor of the plaintiff. The case of Pete Vaniljon vs. Armour Packing company was on trial yesterday.

SLIGHT CHANGE IN AUTO ROUTE THURSDAY TRIP

COMMITTEE WORKING TO STIMULATE ENTHUSIASM FOR TRADE TRIP JUNKET.

A slight change has been made in the trade trip of the autoists Thursday, Riesel and Marlin having been cut out under the new route chosen. The new route runs on down to Cameron, where dinner will be enjoyed.

In order to arouse still greater enthusiasm, and secure even larger numbers for the big trip Thursday of the Waco Auto and Accessory Dealers' association, a committee will today visit the auto men of the city and round them up for the big jaunt tomorrow. The Baylor band will go along, and James Hays Quarles will do most of the speaking for the auto people.

The committee which will make this round today is composed of Henry Smith, John B. Fisher and Moore Hays. Mr. Fisher said yesterday that enthusiasm is great, with every indication of a most successful trip.

Start at 8 A. M.

The start Thursday morning will be made promptly at 8 o'clock from the Texas company's place of business. This company is to furnish free gasoline for the trip, through J. C. Killgore. It is earnestly requested by the committee that all who are going, get around in time to have their machines filled before 8 o'clock, so there will be no delay about getting off.

SANGER AVENUE MAN HAS ADOPTED NEW BUILDING PLAN

Ed Harris, resident of Sanger avenue, has perfected a hollow concrete wall for residence and other building purposes which is being tried in this city in several instances. The plan followed by Mr. Harris is to build an outer and an inner wall of concrete, tied together by wire, thus preventing moisture from getting through into the rooms of the house. He has built sample walls in the Chamber of Commerce exhibit rooms.

CEMETERY QUESTION UP FOR COMMISSIONERS MEET

To take up the cemetery question, a meeting of the city commission has been called for 2 o'clock this afternoon, city hall. Several sites for the proposed new cemetery have been viewed by the mayor and commissioners, and efforts to make a choice will be made at the meeting this afternoon.

METHODIST MINISTERS TO LORENA DISTRICT MEET

Methodist ministers of Waco, also a number of the laymen of this church, will spend tomorrow in Lorena, attending the Waco district conference. Presiding Elder J. A. Whitehurst of Waco will preside over the sessions. Methodist pastors and laymen were planning to attend the prohibition rally which comes to Waco at once, but the district conference was planned before the prohibition meeting was announced.

FUNERAL OF MAJOR DOWNS HELD YESTERDAY MORNING

A large number of long-time residents of Waco attended the funeral yesterday at 10 o'clock of Major J. W. Downs. Services were conducted at the residence of Miss Minnie Taylor on South Fourth street by Rev. John R. Morris, pastor of Fifth Street Methodist church, interment following at Oakwood cemetery. The floral offerings were beautiful and were in such profusion that it required extra equipment to transport them.

BARRON'S BRANCH SEWER GETS OFFICIAL ATTENTION

Mayor John Dollins and the city commissioners are giving close attention to the proposed big storm sewer adjoining the River Driveway at Barron's Branch before closing finally the contract for the bridge at that point. The proposed storm sewer would result in filling up a big section of Barron's Branch and reclaiming quite a large area between Fourth street and the Brazos river.

REVIVAL INTEREST INCREASING AT AUSTIN AVENUE CHURCH

Increasing interest features the revival meetings at Austin Avenue Methodist church. Rev. W. M. McIntosh is conducting the services. Singing is in charge of Messrs. Matthews and Bloodworth.

ONE SERVICE DAILY.

Only one service daily is being held at Fifth Street Methodist church, at night, but the meeting is growing in interest.

TWO BURGLARIES YESTERDAY, PROWLERS LEAVE NO CLUE

Two minor burglaries were reported to the police yesterday morning, but there was no clue to indicate who the midnight prowlers were. The fruit and confectionery store of W. B. Fason on North Fourth street was entered, but so far as known nothing was taken except \$3 in money. The Waco Auto Supply company building on Franklin street also was entered, but so far as learned nothing was taken there.

NOTICE TO CONTRACTORS.

Sealed proposals will be received by J. R. Milam for the additions, alterations and enlargements to the Cooper Grocery company building, Waco, Texas, until 3 p. m. Monday, May 7, 1917.

SEEK RECRUITS FOR TEXAS CAMP

OFFICER ARRIVES IN WACO
IN INTEREST OF LEON
SPRINGS STATION.

Captain Hurst, Nineteenth U. S. infantry, has established headquarters in Waco's federal building, detailed by the war department to have charge of the enrollment of candidates in Waco, Temple and Hillsboro for the Citizens Military Training Camp recently located by Washington at Leon Springs near San Antonio. The camp will be opened May 8.

The sole objects of the camp, according to Hurst, is to instruct and train selected citizens of this country to become officers of the citizen armies to be created for the present war. The camp is of a three months duration. Those who undertake the camp must assume these obligations: First, attend for the full period of three months; second, to accept in the officers' reserve corps any commission tendered at the close of instruction; and third, to take an oath of enlistment for the three months of the camp.

TIME LIMIT EXTENDED

THIS DISTRICT HAS UNTIL MAY
5 TO RAISE 1,000 RECRUITS.

The time in which the Dallas district, including the Waco territory, may secure 1,000 recruits for the United States navy has been extended to May 5. Advice to this effect have been received by Recruiting Officer J. R. Hair at the federal building here.

The weekly report, just received, shows that of the 1,000 wanted in the Dallas district, 691 have been enlisted up to April 20. Dallas newspapers complain that the cities are not sending enough recruits, but Officer Hair said that Waco has done very well. Of the one hundred wanted from the counties around Waco forty-six have been secured, and it is hoped to get the remainder by May 5. According to the weekly report Waco still is showing up well in the percentage column, the last report showing nineteen enlistments for Waco. Gunners' Mate Updegraff spent yesterday in Comanche on recruiting matters.

MARINE ENLISTMENT GOOD HIGH CLASS MEN OBTAINED

The class of men enlisted by the marines at Waco is showing up well, and the number received here also is satisfactory. There has been some little confusion on the part of some who want to enlist in the marine or navy branches, and the two stations are separate and distinct in location; the marine station is located on Austin street between Fourth and Fifth streets, upstairs, and the navy station is in the federal building.

THE RED CROSS

The only cross respected on every battle field. It stands for mercy and hope. It always helps, blesses and cheers—always brings tears of joy and gladness to thousands whose life blood is ebbing away for their country. The flag always honored by every one. Its messengers always carry a message of peace, of help in time of need; of succor in the hour of distress, of tender words and loving ministries—it soothes the broken-hearted—it dries the weeping eye—it binds the shattered limb—it stops the ebbing of life's blood. Its mission is mercy—its workers are angels clothed in human form. All hail the glorious work of the Red Cross.

But Red Cross can't do it all. There's a great work for you to do at home. You must produce more than you consume—make more than you spend—economize—avoid extravagance—shun debt and credit—buy for cash—and trade with CASH MERCANTILE COMPANY and save on every item and be a helper instead of a hinderer.
